

## **Dairy Farm Hands and Managers – North Central Goulburn Valley region**

Are you an experienced large-herd dairy hand or farm manager looking for the next exciting phase in your career? Well look no further!

On behalf of our client, a successful Agri Dairy business we are interested in speaking to any person with large herd dairy experience for farm hand roles and potential farm manager roles.

Due to growth, our client, has ongoing opportunities for:

- **Experienced Dairy farm hand assistants**  
Competitive remuneration + accommodation.

As the business continues to grow our client also has potential future opportunities for:

- **Farm Managers,**  
Reporting directly to the Dairy Operations Manager you will primarily be responsible for managing all functions required for the day-to-day operations of the dairy farm. You will ensure that all activities are performed efficiently, to a high standard and compliant with all competencies regarding HR, safety, animal welfare, quality, environmental standards and risk management.

Our client is passionate about growth, innovation and collaboration. They are constantly striving to improve with a focus on people development, animal safety, quality and WH&S. If you have a growth mindset, and you are seeking a genuine career opportunity where you can become an integral member of a sustainable and vertically integrated dairy, you are probably a great fit for the team! Apply now.
